MARINE SAFETY ADVISORY No. 08-26

To: Owners/Operators, Masters, Nautical Inspectors, Recognized Organizations

Subject: INMARSAT TERMINAL ACTIVATIONS, DEACTIVATIONS, AND ALTERATIONS

Date: 10 June 2026

The Republic of the Marshall Islands (RMI) Maritime Administrator (the “Administrator”) reiterates that activations, deactivations, and alterations of Inmarsat terminals installed on RMI-flagged vessels must be submitted through a Point of Service Activation (PSA) provider authorized by the Administrator (see RMI Marine Notice [4-033-1](#)).

The Administrator will not accept activations, deactivations, or alterations of Inmarsat terminals submitted directly by a Land Earth Station Operator or by any other entity that is not an Administrator-authorized PSA provider.

Authorized PSA providers remain responsible for coordinating with the Administrator on accounting arrangements relative to Inmarsat terminal activations. There is no fee for deactivation or modifications to Inmarsat terminals installed on RMI-flagged vessels.

Questions relating to Inmarsat terminal activations, deactivations, and alterations may be addressed to the Administrator at radio@register-iri.com.

This MSA is evaluated annually by the Administrator and expires one year after its issuance or renewal unless otherwise noted, superseded, or revoked.
